

Promotional Picture Opt-Out Form

* * * * *

It is incredibly gratifying to see the kids having a good time in class. That joy truly is what this studio is all about. Using images of our kids has been one of the reasons our website correctly displays the feeling of the studio. It also is a great way to share class time moments with you and with prospective PacWest families.

I will be taking pictures periodically during classes. Occasionally when there is a time I cannot be at the studio I will ask my secretary to take the pictures. Some pictures will be used for the website; some I may select to be used for the recital posters and tickets.

I select pictures based on their artistic quality and what I am trying to illustrate for a given section of the website or poster. Once I have made my selections I will erase the remaining pictures from that 'shoot'. They will not be used anywhere else.

If you would prefer your child did not appear in pictures used on our website please fill out the information below and return it to the front desk. Feel free to contact me if you have any questions. Kelly@pacificwestperformingarts.com

Sincerely,

Kelly Charlton
Director
